PUBLIC QUESTIONS	<p>D Cllr Roberts advised he had been contacted with concerns raised with re the shop Charlie Bassetts, he contacted planning and been told that this is permitted on the site and no permission is required, this seems grossly unfair as another local company were refused permission for a farm shop.</p> <p>Re the forthcoming festival weekend they are planning some concern as adjacent field being used for tents and how this will be monitored. Clerk had been contacted by landlord who said he would be coming to this meeting to discuss the event but unfortunately did not attend, D Cllr Roberts is to speak to landlord to discuss concerns.</p> <p>Fly tipping – tyres been dumped in several location – need to be reported.</p> <p>Walchesters meeting – also see Matters Arising</p> <p>Matt thanks for meeting on Saturday re Walchesters general feeling from residents who attended not made a great deal of progress</p> <p>Laura agreed with Matt reason why not vocal at meeting needed time to process what was discussed and what each were thinking. Still of a strong opinion that they don't want Walchesters to get planning permission. D Cllr Roberts suggested a liaison committee should be formed, t be discussed further and thinks some positive steps have come out of the meeting. Talking about 1967 permission Steve Walchester said they were going to aggregates and minerals but residents pointed out that this permission doesn't allow for that.</p> <p>C Cllr Ward stated that Walchester's can only process granite into different sizes which is then classed as aggregate, cannot bring in rubble and process that as that's not allowed as would be mixed graduate.</p> <p>If as a result of processing aggregates Walchesters then enters into an official agreement with the Parish Council to only have their vehicles going up to Richmore Hill and not through village this would be a positive step.</p> <p>Mr Walchester stated that he was going to stop going through village at school times for the next month, this to be monitored.</p>
